

Current world scenario demands that the teacher shall have the ability to develop systematic and quality instructions for presenting course content to meet learner's needs through technology in education. Considering this, a MOOC on "**Designing E-Learning Content**" will be offered by NAARM from July 1-31, 2020 for teachers and aspiring teachers/faculty, (with a minimum of completed Graduation in any subject). The objective is to lay emphasis on the Instructional Design Concepts, Models and Storyboarding and use the same in evolving E-Learning content design, with Rubrics and Assessments.

**ICAR - NAARM announces Massive Open Online Course on
Designing E-Learning Content
(July 1-31, 2020)**
