

Faculty Competency Enhancement Programme concluded at ICAR - NAARM

15-3-2024

The 5 days training programme on '*Enhancement of Teaching Competencies for Agri Faculty*' has been concluded on 15th March 2024. The programme was designed with the primary objective of enhancing the teaching competencies of agri faculty in tune with the core philosophy of National Education Policy-2020. The training programme was attended by about 20 participants of ICAR (3 institutions), Public Universities (4 SAUs) and Private Universities (3 Universities). The core content includes the basics of teaching - learning, innovative teaching methodologies, NEP 2020, micro teaching, teaching with technology, creativity and emotional intelligence for teaching effectiveness, apart from AL, ML, AR, VR and Mixed Reality.

In the valedictory programme, Dr Ch Srinivasa Rao, Director NAARM and President of the function, reiterated the need for complementarity of extension and research to teaching and also stressed on the importance of psychology of learning and NEP -2020. Dr G Venkateshwarlu, Joint Director, while recollecting the philosophy of Sri Jiddu Krishnamurti, the famous Indian Philosopher, urged the participants to be continuous learner for enhancing the quality of agricultural education.
