

Fostering Collaborative Ecosystem for Promoting Agri-Startups: Training Concluded at ICAR-NAARM

September 20, 2024, Hyderabad

ICAR-NAARM, Hyderabad organized three days training on “Fostering Collaborative Ecosystem for Promoting Agri-Startups” for PIs & Co-PIs of ICAR ABI Centres and Nodal officers of the MoU signed ICAR Institutions with a-IDEA, ICAR-NAARM during September 18 – 20, 2024 with an objective to promote the holistic development of agri-startups through effective collaboration with partner institutions.

Dr. N. A. Vijay Avinashilingam, Co-PI of ABI, ICAR-NAARM, warmly welcomed all participants and provided an overview of the program's objectives. He emphasized the importance of organizing this event to foster collaborative efforts aimed at driving innovation and growth within the agri-startup ecosystem.

Nine renowned experts from various fields led the technical and business sessions on a range of topics in agristartup ecosystem.

Dr. Ramasubramanian V., Joint Director (A), ICAR-NAARM during his valedictory address, emphasized the crucial role of Agribusiness Incubators (ABIs) as catalysts in transforming scientific advancements into viable commercial technologies. He urged participants to leverage their knowledge and networks to facilitate this transformation, stressing that the future of agriculture depends on the successful commercialization of innovative technologies.

A total of 17 participants from various ICAR-ABI centers and institutes took part in this training program. The three-day training concluded with the distribution of participation certificates to all trainees.
