

ICAR-NAARM Organized Competency Enhancement Training for the Faculty of RLBCAU, Jhansi, Uttar Pradesh

13.09.2024

The ICAR-National Academy of Agricultural Research Management, Hyderabad organized a five-day Off-Campus Faculty Development Programme(FDP) on Competency Enhancement in Agricultural Research and Education for the Faculty of RLBCAU during 09-13th September 2024. The programme was organized at Rani Lakshmi Bai Central Agricultural University, Jhansi(UP). The training program covered several invigorating and emerging topics. A total of 40 participants attended the training programme. Eight female and 32 male participants from 22 disciplines (agriculture-38, veterinary -1, fisheries-1) took part in the programme.

In his valedictory address Dr.A.K. Singh, Vice-Chancellor, RLBCAU emphasized on the act that role of teachers is very important for the effective education of students. he stressed on the role of teachers in all aspects of education and research activities to improve the performance of university and improve the individual skills. He emphasized on how faculty can overcome their weaknesses and convert them into opportunities, so that they can evolve as a better person and make great contributions. He suggested that, faculty should hone their communication skills and grab the opportunities for research projects and writing the research papers. Further, he stressed a need based research must be carried out to reach the farming communities whereby they can improve their income.

Dr. Ch. Srinivasa Rao, Director, NAARM joined session in virtually to interact with the participants. During the discussion he emphasized the crucial role of teachers in all aspects of education, research and extension activities to improve the performance of university and improve the individual skills. He suggested that the faculty should learn communication skills, take advantage of emerging opportunities for research projects and inculcate the habit of publishing research results.

Dr. Anil Kumar, Director of Education RLBCAU, underlined the recent and innovative technology developments in teaching skills and abilities to be developed by the teaching faculty to cope up with the developments and demands in the frontier areas of agriculture & allied sectors. He also stressed the importance of scientific communication being a major relevance in the research works.

Dr.M. Balakrishnan Principal Scientist & Programme Director welcomed the gathering and briefed about the programme. Dr. Dr. Saurabh Singh, Assistant Professor & Local Coordinator proposed a vote of thanks.
