4 Sarpanchs: Srinivas Naik, Tukaram Naik, Bhaskar Naik, Ravi Naik (Sarpanch)

Shri. Ravi Naik, Sarpanch welcomed the officials and scientist. Dr. Ramesh Naik briefed the farmers gathering about the campaign.

Later on Chief Guest of the program Dr. Gopal Lal (Director), ICAR-NAARM emphasized the importance of Balanced Use of Fertilisers in the cultivation of various crops. He also highlighted about the cultivation of green manure crops and its incorporation during the offseason. He called for use of biofertilizers, ITKs and crop diversification for increasing the soil fertility. He urged to adopt natural and organic farming practices in Toto to avoid the ill effects of synthetic pesticides and fertilizers. He also narrated the importance of *Swachh Bharat* as well as One Health and One Nation concept. He assured the support of the academy in building capacity of the farmers in the areas of natural and organic farming for sustainable agriculture.

Dr. Ramasubramanian V. called upon the villagers to make use of the campaign for minimizing the input usage to enhance the soil health. Dr. Umesh Hudedamani, Dr. Yashavanth BS and Mr. Ravi Marella from NAARM also participated in the campaign.
